Summary

- Press-ring seal type BLIND
- Application:
for permanent and safe sealing
of boreholes and casing tubes.
Quickly installed and absolutely
leakproof.
- Rubber width: 40 mm
- Material rubber form-ring:
SBR / EPDM
40 ±5° Shore black, gas and
water pressure tight up to 5 bar,
acc. to DIN 1988, 18336/37, DIN
18195, DVGW G459/I and VP
601
- Material metal parts:
pressure plates stainless steel
V2A, clamp screws and washers
stainless steel V4A
- Temperature resistance
-35°C up to +70°C
